Congregation Beth Shalom

Congregation Beth Shalom was founded in 1968 when a small group of families met to create a congregation dedicated to the ideals of Conservative Judaism within the city of Seattle. They built an institution to serve the spiritual, educational, social and cultural needs of Jews interested in nurturing and developing their traditional heritage. As we approach our half century mark, we have preserved the ideals of our founders, and we have become so much more. In a town where most residents come from someplace else, Beth Shalom is where we meet to find family, friendship, support, and understanding. We come to Beth Shalom for high quality and innovative life-long Jewish learning. We worship God within the framework of an inclusive, Conservative, egalitarian community. We integrate compassion and social justice throughout our congregational activities. We cultivate a community which values diversity, engagement and nurtures ways to connect with each other. We come to Beth Shalom to explore our Jewish heritage and our Jewish future.

“As my parents planted for me before I was born, so do I plant for those who come after me.”
—TALMUD
