Community Leadership Mission to Israel

April 19–23, 2026

You Are Invited...

At this pivotal moment of rebuilding, we invite Seattle's Jewish leaders to a five-day journey that bridges memory, courage, and imagination. Designed for those who know Israel well yet are ready to experience it anew, the mission, taking place during Yom HaZikaron and Yom Ha'atzmaut in Israel, offers up-close encounters and direct access to October 7 survivors, community builders, and thought leaders who are shaping Israel's path forward.

Since October 7, the Jewish Federations of North America's Israel Emergency Campaign has raised \$908 million, providing more than 4,200 grants to 877 NGO partners. On this mission, we will see firsthand how JFNA's Israel Emergency Campaign and Seattle's Israel and Overseas allocations are supporting recovery, rebuilding, and long-term resilience in the communities most affected by October 7. Participants will have the opportunity to connect with Israel in deeply human ways and embrace moments of Jewish joy, remembrance, and hope that underscore why rebuilding matters now more than ever.

This is more than a trip—it is a rare opportunity to connect with a network of Jewish leaders shaping Israel's future and strengthening the bonds between Israel and the diaspora at a defining moment in the country's history. By engaging with leaders and communities on the ground, participants will gain insights and ideas to bring home and help shape our work locally within the Seattle Jewish community.

Opening the Journey

We begin with an extraordinary welcome dinner—an evening where the vibrant fusion of Israeli cuisine reflects the rich tapestry of relationships at the heart of this journey. More than a meal, it is the opening chapter of a shared experience: a moment to align our intentions, deepen connections, and spark new friendships that will carry us through the days ahead.

Together, we step into a journey that will transform not only how we experience Israel, but how we return home—more connected, inspired, and ready to strengthen our Seattle community.

Israel & the American Jewish Community: *Federation's Philanthropic Response to October 7*

A full day in Israel's south, a region long connected to Seattle through enduring partnerships. Here, the needs of recovery are immediate and deeply personal. We meet leaders, volunteers, and families whose lives have been affected by October 7, and learn how NGOs and grassroots organizations—supported by the American philanthropic community through the Jewish Federations of North America (JFNA) and local partners—are helping communities rebuild and heal.

As evening falls and Yom HaZikaron begins, we gather for a reflective commemoration, holding space for grief, solidarity, and hope, witnessing how Israelis are turning tragedy into purpose, and experiencing firsthand the profound human impact of our collective support.

Remembering the Past and Building for the Future: *Yom HaZikaron & Yom Ha'atzmaut*

On Israel's most solemn day of remembrance, we stand in solidarity with Israelis, engaging directly with those on the frontlines of the October 7 attacks. We meet survivors, families of those held hostage, and civic leaders guiding communities through recovery. Together, we honor lives lost while witnessing the extraordinary courage and resilience emerging from tragedy.

As evening falls, we follow Israel's transition from grief to celebration. The night becomes an exuberant expression of Jewish joy—a shared moment of hope and renewal that carries us forward into Yom Ha'atzmaut and the future we are helping to build together.

Yom Ha'atzmaut begins with gratitude and fierce optimism. We meet visionaries rebuilding communities, innovators designing new models of civic life, and young leaders imagining a stronger, more inclusive, and interconnected Israel. Along the way, we experience the land's natural and cultural beauty—from the rolling Judean hills to the Jerusalem Forest—savor Israeli cuisine and regional wines, and celebrate with a traditional Yom Ha'atzmaut BBQ. We close the day along Israel's vibrant coastline—immersed in the restless, creative spirit that defines Israel today.

Israel in a Globalized World: *From Startup Nation to Global Actor*

On our final day, we broaden the lens to explore Israel's place in the world and its complex relationships with neighbors and the global community. We meet with programs building bridges between Arab and Jewish communities, as well as thought leaders shaping Israel's diplomatic, cultural, and technological ties.

At the Knesset and institutions such as the Shalom Hartman Institute, Joint Jewish Distribution Committee (JDC) and the Jewish Agency For Israel (JAFI), we examine Israel's responsibilities on the global stage and the role of Jewish communities abroad in supporting and learning from this work.
